## Summertime Learning & Fun

Our summer program is designed to be a fun, relaxed, and interesting environment where the children have a hands-on learning experience. The mornings will be devoted to a new topic each session. The afternoons will include additional time to enjoy the outdoors with play for the Children's House kids and an emphasis on academic skills in the afternoon for the Lower Elementary children. Extended day summer will include more fun with lots of outside time and play with traditional toys.

The summer camp provides an experience which will offer an opportunity for cooperation, independence and discovery for each child. A caring, committed and experienced staff will guide the children in a safe, supportive, and structured environment.

We welcome children from ages 3-5 for our Children's House Summer Program and children ages 6-9 for our Elementary Summer Program.

Although most of the children will be students during the year it is not necessary to be enrolled in the school to attend the summer program.

Malta Montessori is located In Malta Commons,  
on Rt. 67 at exit 12.

**Head of School:** Kerry Henley

## 2022 Lower Elementary Summer Program (Ages 6-9)

## Fun and Fitness

### Week 1 (July 5-8) \* No Camp July 4th

In this camp with Tatiana, the children will get moving and grooving with plenty of opportunities for dancing, yoga, team-building challenges. Encouraging collaboration and communication through movement, and other gross-motor activities, we will be using plenty of fun yet safe materials. An outdoor/indoor challenge course will be created for students to use anytime they want, and there will be some structured outdoor movement activities and games – no competition – just good healthy movement opportunities where everyone wins and everyone thrives!

## Ocean Explorers

### Week 2 (July 11-15)

Ocean Explorers camp with Sarah will bring the aquatic world closer with fun activities and exploration. This camp makes waves with a focus on our world's oceans. We will explore sharks, coral reefs, and everything in between. We will also learn about marine scientists and what we can all do to help conserve our world's oceans.

## S.T.E.M. Challenge

### Week 3 (July 18-22)

Nurture your children's scientific curiosity and enrich their future! In this hands-on summer camp with Sarah, students will use the STEM approach to discover new things, create, build, solve problems and learn how things work. Why STEM? STEM education engages students and equips them with critical thinking, problem solving, creative and collaborative skills that will ultimately better connect them to their school, workplace, community, and world.

## Stich Fix

### Week 4 (July 25-29)

Sewing and knitting may be an old-fashioned skill but during our week-long summer camp with Tatiana, the children will learn and practice basic skills needed to make simple projects using their own hands. We'll begin with sewing so your child can use those basic skills to finish or decorate many of the other projects during this week!

## Kids in the Kitchen

### Week 5 (August 1-5)

From food preparation and practical life in the kitchen to cooking and healthy nutrition, children will experience a variety of hands-on learning at this cooking camp with Sarah. There will be many opportunities to explore the art of cooking, the importance of healthy eating, and have exposure to a variety of healthy ingredients. Children will become more accustomed to appropriate measuring techniques, as well as mixing, heating, and appropriate dining etiquette. Literature and writing will be embedded throughout this camp, as well. Bon appétit!

## Super Science

### Week 6 (August 8-12)

Let's keep kids learning and investigating this summer with SUPER SCIENCE camp! Super Science camp with Sarah will be full of hands-on, fun-filled S.T.E.A.M. experiments. Experiments will include chemistry and reactions, candy science, weather, and engineering and design.

## Crafts and Creativity

### Week 7 (August 15-19)

Calling all crafty kids! Crafts and Creativity camp with Tatiana will nurture the creative spirit with plenty of craft supplies and original ideas. While first being lots of fun, creative experiences help children express feelings, fosters mental growth, and provides opportunities to try out new ideas. Campers will have the tools needed to spark imagination and creative play. Craft on!

## Passport Around the World

### Week 8 (August 22-26)

A world explorers camp with Tatiana is a fun way to teach geography skills and expose children to other cultures. Most importantly, you can nurture a love for exploration and a sense of respect and empathy for other ways of life. Through simple crafts and fun activities, you can spark curiosity about other cultures and set the foundation for further exploration.

## Preventing the Summer Slide

### All Summer Afternoons (July 5 - Aug 26)

The goal of this afternoon program is to stop what is widely known as the **summer slide**. As parents approach the summer break, many are thinking about the family vacation, how to keep children engaged in activities at home, the abrupt changes to everyone's schedule—and how to juggle it all. What they might not be focusing on is how much educational ground their children could lose during the two-month break from school, particularly when it comes to reading. Experts agree that children who read during the summer gain reading skills, while those who do not often slide backward. Within this program, students will receive individualized reading, writing and math instruction to maintain their current level of academic ability and support an increase in any areas of need.

## Summer Program Registration

### Week 1: (July 5 - 8) Fun and Fitness

Half Day  Summer Slide  Full Day  Ext Day

### Week 2: (July 11 - 15) Ocean Explorers

Half Day  Summer Slide  Full Day  Ext Day

### Week 3: (July 18 - 22) S.T.E.M Challenge

Half Day  Summer Slide  Full Day  Ext Day

### Week 4: (July 25 - 29) Stich Fix

Half Day  Summer Slide  Full Day  Ext Day

### Week 5: (Aug 1 - 5) Kids in the Kitchen

Half Day  Summer Slide  Full Day  Ext Day

### Week 6: (Aug 8 - 12) Super Science

Half Day  Summer Slide  Full Day  Ext Day

### Week 7: (Aug 15 - 19) Crafts and Creativity

Half Day  Summer Slide  Full Day  Ext Day

### Week 8: (Aug 22 - 26) Passport Around the World

Half Day  Summer Slide  Full Day  Ext Day
